

## Igor Krupa Research Professor

**Dr. Igor Krupa** is a research professor at the Center for Advanced Materials at Qatar University. His research interests include polymeric blends and composites, electrically and thermally conductive composites, membranes, water treatment, phase change materials, sol-gel technology, and modifications of polymeric surfaces. Dr. Krupa is the author or co-author of 165 papers in peer-reviewed journals, eight chapters in books, and one patent. He has presented over 130 times at international conferences. His papers have been cited around 7,050 times and have a Hirsch Index = 49 (Google Scholar). Dr. Krupa has been involved in seven NPRP Grants ((4xLPI, 3xPI). He was awarded as “Runner up in the category Best Researcher in Plastics Excellence Award 2016” from the Gulf Petrochemicals & Chemicals Association (GPCA) UAE. He teaches the “Polymer Science and Analysis” course in the Materials Science and Technology Program.
